

New Mexico Home Recovery Program Application

Thank you for your interest in the New Mexico Home Recovery Program!

The New Mexico Home Recovery Program helps homeowners fix or rebuild their homes if they were damaged or destroyed during the 2024 fire or flood events. This program is funded through a Community Development Block Grant for Disaster Recovery (CDBG-DR). It is administered by the New Mexico Department of Homeland Security and Emergency Management (DHSEM).

How do I apply to get assistance?

To get help, you must submit application with all supporting documentation. A checklist with all required documentation is provided at the end of this application packet. The State of New Mexico Disaster Case Management team is available to help you collect documentation to complete an application.

After you send in a complete application with all supporting documentation, DHSEM will review it to see if you qualify. DHSEM will not process applications until they are fully completed. If you are approved, the program may help pay for:

- ✓ Repairs to your home
- ✓ Fixing and improving your home (rehabilitation)
- ✓ Building a new home if yours was destroyed

Am I eligible to receive assistance?

To be eligible for the program, residents must:

- Own a home in Chaves or Lincoln County.
- Have occupied the home at the time of the 2024 disasters.
- Meet household income requirements (see table below).
- Have documented and unrepaired damage from the 2024 disasters.

If you have questions about the application process, please contact the State of New Mexico Disaster Case Management team at 505-670-4662. Please keep in mind that funding is limited and not all qualified residents are guaranteed to receive services.

What happens if I qualify?

If you qualify, DHSEM will send you a letter that explains what you are eligible for. Program assistance will typically range between \$5,000.00 (for minor repairs) and \$350,000.00 (for example, if a home is fully rebuilt). DHSEM runs the program and manages all the work. Money will not be sent directly to homeowners. Instead, the program will pay for the approved repair or construction work to be completed by a state-procured contractor.

New Mexico Home Recovery Program Application

What are the income limits?

The U.S. Department of Housing and Urban Development determines income limits which qualify a household as low- to moderate-income, based on household size. To be eligible for the New Mexico Home Recovery Program, a household must be at or below the 120% area median income threshold. Households which meet the low- or very low-income threshold will be prioritized for assistance first.

New Mexico Home Recovery Program Application

10. Stop Work Construction Notice

Federal rules require applicants who are seeking New Mexico Home Recovery Program assistance to stop rehabilitation or construction work on their property once an application has been submitted and until the federally required environmental review is complete. Applicants must not perform any demolition, repair, or reconstruction activities after they apply to the program unless the work is temporary and is required to prevent additional damage to the home or is required to make the home safe to live in.

Applicants are required to stop work because certain types of construction activities may change the condition of the property and result in environmental harm. Performing certain types of work such as permanent repair, modification, or demolition during this required "stop work" period will make an applicant ineligible to receive assistance from the program.

TYPES OF WORK ALLOWED AFTER APPLICATION

- Applicants or volunteer organizations may perform temporary repairs to prevent further damage to the home such as temporarily patching a leaking roof.
- Applicants or volunteer organizations may perform temporary repairs to allow for safe occupancy and to address health and safety hazards such as fixing a broken heater to restore heat, removing mold or repairing unsafe wiring.
- It is important to limit repairs to temporary measures until the program can provide a permanent solution.
- Applicants should follow all applicable permitting requirements when performing temporary repairs, particularly for repairs relating to electrical and plumbing work.

HUD rules and regulations that govern the environmental review process can be found at **24 CFR Part 58**. The provisions of the National Environmental Policy Act (NEPA) and the Council on Environmental Quality (CEQ) regulations in 40 CFR Parts 1500 through 1508, as well as other state and federal laws and regulations (some of which are enforced by state agencies) also may apply depending upon the type of project and the level of review required.

To be compliant with 24 CFR Part 58, activities that have physical impacts or which limit the choice of project **alternatives cannot be undertaken, even with an applicant's own funds**, prior to obtaining environmental clearance. If prohibited activities are undertaken after submission of an application but prior to receiving approval from the New Mexico Home Recovery Program (New Mexico Home Recovery Program), the applicant is at risk for the denial of CDBG-DR assistance. The reason is that these

New Mexico Home Recovery Program Application

actions interfere with the state and the Program's ability to comply with NEPA and Part 58.

To be eligible for New Mexico Home Recovery Program, Applicants must:

- **Stop all on-going construction activities at the time of application to New Mexico Home Recovery Program, except those listed above as allowed activities.**
- **Wait until the environmental clearance prior to initiating program approved work on the property.**

Applicants who do not comply with these requirements will be ineligible for assistance and may be subject to repayment of New Mexico Home Recovery Program funding, if already received.

The applicant acknowledges that he/she has received and reviewed the New Mexico Home Recovery Program's Stop Work Construction Notice. Further, the applicant agrees to stop any current construction work on the damaged property except for any temporary or emergency repairs required to preserve the property.

New Mexico Home Recovery Program Application

14. New Mexico Home Recovery Program Right of Entry Form

Homeowner(s) Information		
Homeowner Name:	Co-Homeowner Name:	
Property Address:		
City:	State:	Zip Code:
Phone Number:	Email Address:	

I/we,

_____ ,
 certify that I am / we are the owner(s), or authorized agent of the owner(s), of the real property located at the above address (hereinafter "Owner"). I hereby certify that I/we have full power and authority to execute this Right of Entry Permit (ROE) without the need for any further action, including, but not limited to, notice or approval from any other party.

I / we hereby grant the New Mexico Home Recovery Program and its authorized representatives (collectively referred to as "New Mexico Home Recovery Program") a right to enter upon the real property specified above by the address (hereafter the "Property") and will guarantee access to the property for the activities described listed in this right of entry permit.

1. **Purpose:** The New Mexico Home Recovery Program is granted this Right of Entry (ROE) to complete the following activities:
 - a. **Environmental Conditions Assessment:** a more detailed, site-specific review that evaluates specific localized environmental conditions on the subject property. These inspections are exterior of home only and will not require entry into the dwelling structure.
 - b. **Property Damage Assessment:** a process for evaluating property damage and unmet needs to inform eligibility for different levels of repair, construction, and reconstruction under the New Mexico Home Recovery Program. This requires full access to all areas of the interior of the home and will be conducted on a pre-scheduled, agreed-upon basis with the property owner.
 - c. **Rehabilitation, Reconstruction, and New Construction:** activities the New Mexico Home Recovery Program will conduct at the Property of eligible

New Mexico Home Recovery Program Application

homeowners after the Program determines the type of assistance for which the homeowner is eligible.

- d. **Environmental Hazard Inspections:** activities that the New Mexico Home Recovery Program will undertake to test and identify environmental hazards such as lead based paint, asbestos containing materials, and/or radon. These activities are not required on every home, but when they are, testing and monitoring may be required in the interior of the home. Such testing and monitoring will be conducted on a pre-scheduled, agreed upon basis with the property owner or during construction activities when the property owner has vacated the property.
 - e. **Construction Inspections:** activities that the New Mexico Home Recovery Program and local jurisdictions will conduct at the Property of the eligible homeowners throughout the rehabilitation, reconstruction, and new construction process to ensure adherence to safety, quality, and regulatory requirements.
2. **Time Period:** This ROE shall expire twenty four (24 hours) after the turnover of the property to the homeowner after construction completion; immediately when the homeowner withdraws from the program or is deemed ineligible for assistance; or when the owner submits an executed *Withdrawal Form* (see below) to DHSEM-DCM@dhsem.nm.gov.
 3. **Authorized Activities:** Owner hereby grants to the New Mexico Home Recovery Program, the right to determine, in the New Mexico Home Recovery Program's sole discretion, which structures, materials, and items on the Property will be assessed, removed, repaired, rehabilitated, reconstructed, or newly constructed as part of its Program. Submission of this ROE authorizes the New Mexico Home Recovery Program to conduct Damage Assessments, environmental condition assessments, and Repair, Reconstruction, and New Construction activities on the Property. Owner may withdraw from the entirety of the Home Recovery Program by cancelling this ROE pursuant to Section 10. If Owner withdraws after work commences under the Program, the New Mexico Home Recovery Program may seek reimbursement for expenses incurred up to the point of withdrawal.
 4. **Release and Waiver of Liability:** Owner acknowledges that the New Mexico Home Recovery Program's decisions about when, where, and how to conduct Authorized Activities on Owner's property are discretionary functions. Owner hereby

New Mexico Home Recovery Program Application

acknowledges that the Government is not liable for any claim based on the exercise or performance, or failure to exercise or perform, a discretionary function, and promises not to make such a claim. **Owner further releases the New Mexico Home Recovery Program from all liability for any damage to property or bodily injury or death to persons on the property that may occur during or after the Program. Please also see Sections 5 and 6, below.** Owner therefore waives any claims, or legal action against the Government, in accordance with state and federal law, including the New Mexico All Hazard Emergency Management Act, and the Stafford Act, 42. U.S.C. § 5148. Nothing in this Agreement shall be construed as a waiver of any sovereign immunity of the United States. The Federal Tort Claims Act (FTCA), 28 U.S.C. §§ 1346(b), 2671-2680 provides the exclusive monetary damages remedy for allegedly wrongful or negligent acts or omissions by federal employees within the scope of their employment.

- 5. Indemnification:** Owner agrees to indemnify and hold harmless the New Mexico Home Recovery Program from any and all claims, damage, or losses arising out of the Program activities carried out pursuant to this ROE. This indemnification is required by state and federal law, including but not limited to the Stafford Act, 42 U.S.C. § 5173. Please see Section 6 below.

- 6. Markings of Infrastructure Facilities:** Owner agrees to make their best efforts to mark subgrade utility lines (sewer, water, electricity, gas, cable, etc.) and to mark the location of septic tanks, leach fields, water wells, hand dug wells/cisterns, or other subgrade structures. Owner should carefully complete the attached *Property Information Form* and **append any maps, diagrams, or legible notes** that may be useful to the New Mexico Home Recovery Program's contractor in locating subgrade structures and instructing the crews which items the Owner may want to remain on the Property following the Program. The New Mexico Home Recovery Program will endeavor to avoid all marked structures; however, **Owner acknowledges pursuant to Section 4, that they release the New Mexico Home Recovery Program from any liability for damages to marked or unmarked structures.** Owner further acknowledges pursuant to Section 5 that they indemnify, hold and save harmless the New Mexico Home Recovery Program from any claims or losses due to any damages to marked or unmarked structures.

- 7. Driveway, Roadway, and Other Incidental Damage:** Multi-ton construction equipment, such as excavators, may be needed to perform repair, reconstruction,

New Mexico Home Recovery Program Application

and/or new construction activities. The scale and weight of this equipment, and the weight of loaded trucks hauling materials from the Property, often exceeds the design capacity of residential driveways, sidewalks, and roadways. Crews will take reasonable precautions to mitigate against damage. However, Owner acknowledges cracking and damage to asphalt and concrete pavement is a common and unavoidable consequence and is therefore considered incidental to the Program. By signing this ROE and opting into the Program at this Property, the Owner acknowledges the risk of such incidental damage as well as their responsibility for the cost of any repairs to private property or jointly-owned private roadways that may be caused by New Mexico Home Recovery Program contractors in the performance of the Program operations. Owner acknowledges pursuant to Section 5, they indemnify, hold and save harmless the New Mexico Home Recovery Program from any repair claims described above, or any other incidental and unavoidable damage occurring as a result of routine operations associated with the Home Recovery Program.

- 8. Damage to Improved Property:** Repair, reconstruction, and new construction crews will attempt to minimize impacts to improved property that was not damaged by flood or fire. Owner may submit a complaint regarding any improved property that Owner believes was damaged during the Program operations to DHSEM-DCM@dhsem.nm.gov. However, Owner acknowledges Section 4 of this ROE limits the liability of the New Mexico Home Recovery Program with respect to such damage, if any.
- 9. Modification:** The provisions of this ROE may not be modified. Owner may cancel this ROE only by submitting an executed *Withdrawal Form* (see below) DHSEM-DCM@dhsem.nm.gov.
- 10. Fraudulent or Willful Misstatement of Fact:** An individual who fraudulently or willfully misstates any fact in connection with this ROE may be subject to penalties under state and federal law, including civil penalties, imprisonment for not more than five (5) years, or both, as provided under 18 U.S.C. § 1001.
- 11. Public Records Act:** Owner acknowledges that completed ROE forms may be subject to public disclosure under the New Mexico Inspection of Public Records Act, NMSA 1978, Section 14-2-1 to -12. Other state and federal laws may apply. Pursuant to Section 14-2-1.1, the following protected personal identifiable information will be redacted: (1) all but the last four (4) digits of a taxpayer identification number, financial

17. New Mexico Home Recovery Program Appeals and Complaints Procedures

The New Mexico Department of Homeland Security and Emergency Management (DHSEM) and its New Mexico Home Recovery Program are committed to providing a fair complaints and appeals process.

The New Mexico Home Recovery Program Complaints and Appeals policy and the New Mexico Home Recovery Program Complaints Form are available on DHSEM's website at www.dhsem.nm.gov. Paper copies of the New Mexico Home Recovery Program Complaints Form may be requested by contacting a Disaster Case Manager at 505-670-4662 or DHSEM-DCM@dhsem.nm.gov.

The New Mexico Home Recovery Program defines complaints and appeals as follows:

Appeal: A formalized written request by an applicant asking for a reversal or revision of a program's determination that affects their eligibility and/or amount of assistance they receive from the program.

Complaint: Process by which citizens can express their New Mexico Home Recovery Program concerns and complaints including but not limited to an allegation, whether written or oral, formal or informal, asserting fraud, waste, abuse, mismanagement, discrimination, violation of program policies or procedures, failure to comply with applicable federal or state requirements, or other improper conduct in the administration or implementation of Community Development Block Grant for Disaster Recovery Programs (CDBG-DR) programs.

Appeals

Applicants to the New Mexico Home Recovery may submit a written appeal related to any determination made by the New Mexico Home Recovery Program that affects the resident's eligibility or assistance they may receive, except in cases of potential fraud, recapture, or revocation of assistance, as determined by DHSEM.

Appeals must be submitted in writing within thirty (30) calendar days from the date of the Award Determination Letter and prior to the execution of an Award Determination Letter and other legally binding documents unless otherwise allowed by federal regulatory obligations. The written request should include specific information related to specific facts or circumstances, along with supporting documents, to substantiate the request.

A resident who wishes to submit a written appeal may do so using any of the following methods:

Online: Complete the complaint form online at www.dhsem.nm.gov/cdbq-dr2025

New Mexico Home Recovery Program Application

By mail: Department of Homeland Security and Emergency Management

Attention: New Mexico Home Recovery Program, Appeals

PO Box 27111

Santa Fe, NM 87502

The New Mexico Home Recovery Program will acknowledge receipt of the appeal request in writing no later than fifteen (15) working days after the request is received, when feasible. The response may include one of the following actions:

- An acknowledgment of receipt of the appeal request, along with a notification that reviewing the applicant's file may take longer than fifteen (15) working days.
- A request for additional supporting documentation or information from the applicant.
- An update on the investigation status and an estimated timeframe for a decision.
- A final determination regarding the request, which may include:
 - The New Mexico Home Recovery Program agreeing with the request and implementing the necessary adjustments; or
 - The New Mexico Home Recovery Program disagreeing with the request and providing the rationale for the denial.

Throughout the appeals process, the New Mexico Home Recovery Program decisions regarding applications and/or projects will be made based on relevant statutes, federal regulations, local administrative codes, and state and local guidelines, as interpreted by the program.

During the appeal evaluation, the New Mexico Home Recovery Program will review only the facts and information already part of the applicant's file unless the applicant provides new documentation. The New Mexico Home Recovery Program has the discretion to accept or reject any new documents based on their relevance to the appeal.

Complaints

A resident who wishes to submit a concern or complaint may do so using any of the following methods:

In person: At a publicly noticed meeting. All scheduled public meetings are posted to DHSEM's website at www.dhsem.nm.gov/cdbq-dr2025

Online: Complete the New Mexico Home Recovery Program Complaint Form online at www.dhsem.nm.gov/cdbq-dr2025

By email: DHSEM-DCM@dhsem.nm.gov

By mail: Department of Homeland Security and Emergency Management
Attention: New Mexico Home Recovery Program, Complaints
PO Box 27111
Santa Fe, NM 87502

By Phone: Call a program representative by calling the State Disaster Case Management mainline at 505-670-4662 for assistance.

The New Mexico Home Recovery Program will provide a written response to all complaints within fifteen (15) working days of receiving them. After the initial response, they will make every effort to resolve complaints within the same fifteen (15) working day timeframe. If a resolution cannot be reached within this period, the complainant will receive a status update regarding their issue(s) and, if feasible, an estimated time period when a resolution can be expected.

A New Mexico Home Recovery Program representative will monitor response times to ensure compliance and may adjust timelines for additional responses, as necessary.

All complaints and inquiries received will be reviewed by DHSEM staff for the following actions:

- Investigation, if necessary;
- Resolution; or
- Follow-up actions.

Each complaint and inquiry will be documented in a tracking system. New Mexico Home Recovery Program staff will maintain electronic files that contain:

- The name and contact information of the complainant;

New Mexico Home Recovery Program Application

- The date the complaint was received;
- A description of the complaint;
- The names of all individuals contacted regarding the complaint;
- A summary of the outcome and the response date to the complainant; and
- An explanation of the resolution.

New Mexico Home Recovery Program staff will conduct monthly reviews of these complaints and inquiries to identify any emerging patterns and determine if these issues require a policy change or additional training.

In cases of concerns and complaints with unsatisfactory resolutions, the New Mexico Home Recovery Program will reasonably assist the complainant in submitting the complaint to the appropriate agency. The individual(s) filing the complaint have the option of filing directly with the U.S. Department of Housing and Urban Development (HUD), the New Mexico Department of Homeland Security and Emergency Management (DHSEM), or with both agencies simultaneously.

Fair Housing Rights Violations

The New Mexico Housing Program complies with the Federal Fair Housing Law (The Fair Housing Amendments Act of 1988). Complaints alleging violation of fair housing laws will be directed to the U.S. Department of Housing and Urban Development (HUD) for immediate review.

Any person who feels that their housing rights have been violated may submit a complaint to U.S. Department of Housing and Urban Development using any of the following methods:

Online: <https://www.hud.gov/fairhousing/fileacomplaint>

By mail: Office of Fair Housing and Equal Opportunity Department of Housing and Urban Development Room 5204 451 Seventh Street SW Washington, DC 204102000

By phone: 202-708-1112 or 800-669-9777

The Department of Homeland Security and Emergency Management (DHSEM) certifies that the New Mexico Home Recovery Program will be conducted and administered in conformity with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), the Fair Housing Act (42 U.S.C. 3601-3619), and implementing regulations, and that it will affirmatively further fair housing practices.

New Mexico Home Recovery Program Application

Fraud, Waste, and Abuse

The Department of Homeland Security and Emergency Management (DHSEM) is committed to making the New Mexico Home Recovery Program and Program processes more effective, available, and accessible to all New Mexico residents. DHSEM encourages any resident, stakeholder, or employee to report concerns regarding fraud, waste, and abuse within DHSEM operations. The New Mexico Office of the State Auditor (OSA) Special Investigations Division is responsible for the investigation of allegations involving state or local government misuse of public funds. Reports can be anonymous and are treated with confidentiality.

Any person who suspects fraud, waste, or abuse may report a concern to the New Mexico Office of the State Auditor using any of the following methods:

By phone: Call the Fraud Hotline (toll free) 1-866-OSA-FRAUD (1-866-672-3728 OR 505-476-3800

Online: File a complaint using the OSA Fraud Hotline web portal at <https://www.osa.nm.gov/auditing/special-audits-and-investigations/>

All reported cases of fraud, waste, or abuse of government funds will be forwarded to the United States Department of Housing and Urban Development (HUD), Office of Inspector General (OIG) Hotline online at www.HUDOIG.gov/hotline/report-fraud or via telephone at 800-347-3735.

New Mexico Home Recovery Program Documentation Checklist

The New Mexico Home Recovery Program Documentation Checklist serves as a tool for residents to support their applications to the New Mexico Home Recovery Program. The Department of Homeland Security and Emergency Management's (DHSEM) goal is to accept the minimum amount of documentation while still complying with federal requirements. The list of documents below provides residents with information on documentation requirements while providing options for each documentation category. State Disaster Case Managers are available to answer any questions about the documentation required and to support documentation collection.

Applications to the New Mexico Home Recovery Program will be reviewed when complete and on a first come, first serve basis. An application is not considered complete and will not be reviewed for eligibility until an application and all of the required supporting documentation have been submitted.

New Mexico Home Recovery Program Documentation Checklist

What happens after I submit an application?

Step 1: Once your application is received, a Disaster Case Manager will review your application for completeness. If there is information needed to process your application, a Disaster Case Manager will work with you to submit any additional information that is needed.

A full application includes the application and all supporting documentation. An application will not be reviewed for New Mexico Home Recovery Program eligibility until the application is complete.

Step 2: Once a complete application is received, an Eligibility Specialist will review your application and all supporting documentation to determine whether you are eligible for the program, verify income, and other types of disaster assistance received (duplication of benefit).

Step 3: The New Mexico Home Recovery Program will send inspectors to your home to conduct assessments. Inspectors review the disaster-related damage to your home, take photos and notes, and develop a cost estimate for rehabilitation, reconstruction, or new construction of your home.

Step 4: DHSEM will provide an Award Determination Letter that details the type of assistance you are able to receive through the New Mexico Home Recovery Program (Minimum Award \$5,000.00; Maximum Award \$350,000.00). The Award Determination Letter can be contested or signed and executed.

Step 5: Once the Award Determination Letter is signed and executed, DHSEM will assign a contractor to work on your home.
